**5.5.7 PUBLIC ACCESS LINE SERVICE**

**A. Description**

Public Access Line (PAL) Service provides telephone service to all customer provided pay telephones with or without coin collecting devices. Access to the local calling area is provided at rates described in this Section. Access is provided to the toll network to place toll messages sent paid, sent collect, or billed to a third number or calling card. Collect and third number calls to be billed to the PAL will be blocked where equipment, facilities and operating conditions permit. PAL's must be arranged for two-way service only. PAL Service will have essential service status in the central office where facilities and operating conditions permit.

**B. Terms and Conditions**

1. PAL Service and features are available where equipment, facilities and operating conditions permit.
2. Unless otherwise specified in this Section, PAL Service will have the same repair services and optional features available to simple business service under the same terms and rates as simple business service. Party line service is not available for PAL Service. One customer-provided pay telephone will be permitted per each PAL furnished.
3. All customer-provided pay telephones must be connected to PAL Service, be FCC registered, or connected behind a registered protective coupler, and comply with all FCC Rules and Regulations and Telecommunications for the Disabled Act of 1982 requirements relative to handicapped access, and National Electric Code and National Electric Safety Code.

#### **10.4.4 TOLL RESTRICTION SERVICE**

##### **A. Description.**

Toll Restriction prevents access to the toll network, including access to 900 type toll services. Local Directory Assistance calls are not allowed. When customers dial "0" or "1" from a restricted line the call will be diverted to a Company-provided intercept announcement.

##### **B. Terms and Conditions**

1. Toll Restriction is offered only where equipment is capable of providing such service.
2. This service is available only on local individual residence and business lines, FX lines or trunks, and PBX trunks. This service is provided only where facilities and operating conditions permit.
3. A similar type service is also available in Centrex Service in Section 109 of the Exchange Network Service Price List.
4. Provision of Toll Restriction Service does not alleviate customers' responsibility for payment of completed toll calls.
5. Access to 800 type toll service will not be denied.
6. Toll Restriction may include billed number screening (BNS) for residential customers. BNS prohibits collect and/or third number billed calls from being charged to BNS equipped numbers. Some calls, originating from locations that do not have screening capabilities, may not be capable of being intercepted and denied. These calls, e.g., International calls and calls that do not go through the Billing Validation Authority data base, will be billed to the customer if completed.
